

AS SLAVE, SAYS JONESCU GERMANS TREAT ROUMANIA

When Austrian Empire Is Destroyed and Treaty of Bukharest Renounced, Will Remain Faithful to Entente—No Food for Germans.

NATION WILL BE FAITHFUL
Famous Statesman Declares Country Is Worse Off Than It Was Annexed.

BY TAKE JONESCU.
(International News Bureau.)
In the following statement, M. Take Jonescu, the famous Roumanian statesman, now in London, dwells upon the future of Roumania, which has suffered so acutely through the war. M. Jonescu was vice-president of the Council of Ministers of Bukharest, until he was compelled to resign because he refused to take part in the German peace negotiations.
The future of Roumania is conditional upon the issue of the war. At the present time Roumania is much worse off than she would be if she had been annexed by the Germans, because she is being treated like a slave. If one may use that phrase for a nation. But there is no doubt that the future of the country is linked up entirely with the victory of the allies. Nobody in Roumania has any doubt about the issue of the war. From peasant to Cabinet Minister, with the exception of a very few men who are greatly compromised with the Germans, there runs a real feeling that the allies are certain of victory, and as a natural consequence, they bear the conditions of slavery with magnificent fortitude.
I am greatly interested in the destruction of the Austrian empire, and in the renunciation of the treaty of Bukharest. When these are accomplished, my strong belief is that Roumania will become a great and united country, and will forever remain a faithful ally of the entente.
As for myself, I came to England for the first time as a boy in 1872, and since 1880 I have been coming here at least once a year, and sometimes twice. I love the British, and at the conclusion of peace I shall, I know, be successful in my efforts to replace in schools the teaching of German by the teaching of English. In fact, I shall try to prohibit entirely the teaching of German. It is realized fully that this war is the work of the German empire, and we will not be a party to their after-war propaganda.
Now a word or two about the food question. I have seen it stated this week that the Germans are disappointed at the quantity of food they have been able to secure from Roumania. This is what I expected. According to the provisions of the so-called treaty of peace, the Germans have the right to take from Roumania all foodstuffs which are not essential for the population, the requirements of the people being fixed by the German administration. But this year the harvest is so bad that the Germans will not be able to take anything away from Roumania. The Roumanians, however, will, as a consequence, suffer very great hardships. There is also real famine in Bulgaria, and in the Ukraine, also, the harvest is very bad. Usually, of course, the Roumanian harvests are excellent. The Germans, therefore, will have to look elsewhere—if they can—for their foodstuffs, and I know from personal knowledge their economic situation is wretched. Their own harvest this year has been very poor, and it will be necessary for them to live as best they can without much outside help until next spring. Meantime, they will have to suffer terrible privations.
While the question of food will help materially towards a victory for the allies, at the same time the war, like all other wars known in history, will be won.

Fishermen Ploek to Navy.
DUBLIN, October 12.—In Ireland there is a big boom in recruiting for the navy, said to be due in part to the interest created by the American sailors who make such an impression by their shore leave at Queenstown. The number of recruits presenting themselves for enlistment in Cork in one day exceeds the weekly average for the past two years.

Underminer Will Mourn.
CHICAGO, October 12.—Chicago actually has been shocked—and by an undertaker. Alex Masalski, the moribund, was caught using his automobile for picnic parties, weddings and the like on gasless Sundays. When arrested he said mean things about Uncle Sam. Now he's under bonds and may go to Leavenworth.

More Building in Alexandria.
ALEXANDRIA, VA., October 12.—The Mutual Ice Company has completed its plans and on Tuesday next will award the contract for the erection of a two-story office building to cost \$5,000 or \$10,000. The building will be 49x32 feet in size.

Coats! Coats! Coats!

—the Most Popular Garment of the Season for Women's and Misses' Wear.

Because of this, ours is a very extensive assortment. Materials are beautiful and models are smart and new.

There are Coats with handsome Fur Collars and Cuffs; also the plainer tailored models with collars and cuffs of self material.

These materials comprise soft Velours, Silvertone, Evorah Cloth, Bolivia and other soft, pretty fabrics; all of which are lined with rich fancy silks or plain colors.

The prices are \$39.50 upwards to \$175.

Very Special! Warm Winter Coats at \$35.00

For Women and Misses—Coats made of such popular materials as Velour, Broadcloth, Gabardine, Wool Poplin and Fancies; in Brown, Navy, Black, Taupe, Plum, Burgundy, Green and Reindeer—a very large assortment of models from which to select. Plain tailored Coats and some trimmed in beautiful Furs.

Second Floor, West.

Women's and Misses' Suits, \$49.50

A showing rather out of the ordinary, this. Not only the season's smartest models, but suits in all the wanted materials and colors. Plain tailored and fancy novelty suits, a great many of which have collars of Seal or Nutria Fur. All are silk lined.

Choose from Navy Blue, Plum, Burgundy, Taupe, Green and other colors, including Oxfords and fancy mixtures.

Second Floor, West.

A Season of Rich FURS

The Special Fur Section is a glow with large assortments of all the season's popular Furs—Fox, Lynx, Mink, Wolf, Skunk, Marten, Kolinsky, Ermine, Raccoon, Seal, etc., in complete sets; also Separate Muffs, Scarfs or Capes.

Also a good assortment of Nutria Coats and Seal Coats, trimmed with skunk or squirrel. Moderate prices.

Second Floor, West.

Do You Know

—that the three big Liberty Peach Stone Barrels in front of our main entrance have already collected 27,300 (or 952 pounds) stones? And that these, allowing 200 stones or 7 pounds for one gas mask, are sufficient to make carbon enough for 136 masks?

Quite worth while, we think, to save stones when it means the saving of so many American soldiers' lives! And one mask saves a life over and over again.

Bring your stones and help fill up Barrel No. 4.

Unusually Smart Frocks of Tricotine or Serge

Those of Tricotine are smartly tailored in straight line effects—mostly perfectly plain tailored—with a crush girdle of fine satin or finished with braid or fringe. In Navy Blue only—\$55.00 and upwards.

Those of Serge come in both plain and fancy models. Some of the latter have clever tunic skirts, while others are plaited. Included in the exhibit are several smart "Peggy Paige" models that are quite interesting. They are priced \$25.00 to \$50.00.

"A Good Foundation" Means a Silk Petticoat

AND you'll be surprised how much a fine New Silk Underskirt will add to your Fall frock or suit—how much smarter it will look and how much better it will hang.

You'll particularly like the ones of Silk Taffeta which we're showing in such big assortment at \$5.50. Among these are plain and changeable effects in all the season's popular colors—exceptionally good values.

Big Eaters Get Kidney Trouble

Take Salts at first sign of Bladder irritation or Backache

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid, which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get

from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.
Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Adv.
